**COLLEGE STATION**

CCA members are invited to hear about College Station, a new mixed-use development on 4.9 acres of property located at 129 College Street. This exciting project by Atlas Capital Group will feature 770 multi-family residential units and 51,000 square feet of community-serving retail and commercial space. It is adjacent to the existing Chinatown Goldline Station in Downtown Los Angeles making it a well-positioned transit-oriented development.

**Special Guests:** *Jenni Harris, Atlas Capital Group; and Noel Hyun, Liner LLP*

**DTLA 2040**

Join us to hear from the Los Angeles Department of City Planning regarding the update of Downtown's [Central City and Central City North Community Plans](#), referred to as DTLA 2040. City Planning will share preliminary zone change maps and discuss impacts to Downtown. The intent of the update is to promote Downtown, as the "principal government and business center of the region, with a worldwide market. It is the highest-density center of the City and hub of regional transportation."

**Special Guest:** *Bryan Eck, City Planning*

**RE:CODE LA UPDATE**

The Los Angeles Department of City Planning is in year three of re:code LA, which is the comprehensive revision of LA's zoning code. Last year the department released the first components of the zoning code and hosted seven public forums to obtain community input. CCA members are invited to learn more about the next steps for this initiative and how re:code LA will compliment DTLA 2040.

**Special Guest:** *Tom Rothmann, City Planning*
